

Store Brand Infant Formula Quick Guide

Can you tell which babies receive Store Brand Infant Formula?

No? That’s because the FDA strictly governs the nutrition for ALL infant formula sold in the U.S.

Store Brand Infant Formulas are clinically proven¹ to support growth and development and cost-less²!

Perrigo manufactures a variety of routine and tolerance formulas that provide **complete nutrition** for growth and development.

¹Wallingford et al. 2022

²Savings based on Circana 12-month average price per pound retail sales data for comparable store brand and national brand as of August 2023.
